CAN CLIMATE BE CHANGED? [1961] [7]p. 1 ref.
[DSIR LLU] M. 3174.
Order from OTS or SLA \$1.10

61-27496

Trans. of Priroda (USSR) 1960 [v. 49] no. 2,
p. 124-128.

DESCRIPTORS: *Aerosols, *Climate, Sun, Rockets,
*Temperature control.

Several comments by Soviet academicians are presented concerning a previous proposal by V. Cherenkov to create an artificial ring of dust around the earth and thereby change the climate (and illumination) of the earth. Although some of the Soviet scientists consider that the suggestion is technically possible, most of them believe that the consequences would be disastrous. (See also 61-19686)
